## HRH The Princess Royal meets a Staveley Sea Otter

**As reported in last month's BMN HRH The Princess Royal officially named the Sea Otter designed and built Regal Lady wide-beam rivercraft, when she visited Sea Otter boats last month.**

The £70,000 boat was the first of a £1.m export order for the rapidly expanding Derbyshire firm.

The Princess Royal christened the 35ft aluminium rivercraft by pouring a bottle of American Miller Lite lager over the hull.
